

Workshop Autumn Leaf

Modern macrame

Autumn is a very beautiful season of the year, the bright multi-coloured leaves mesmerise us with their beauty.

Let's weave the autumn leaf!

We will need :

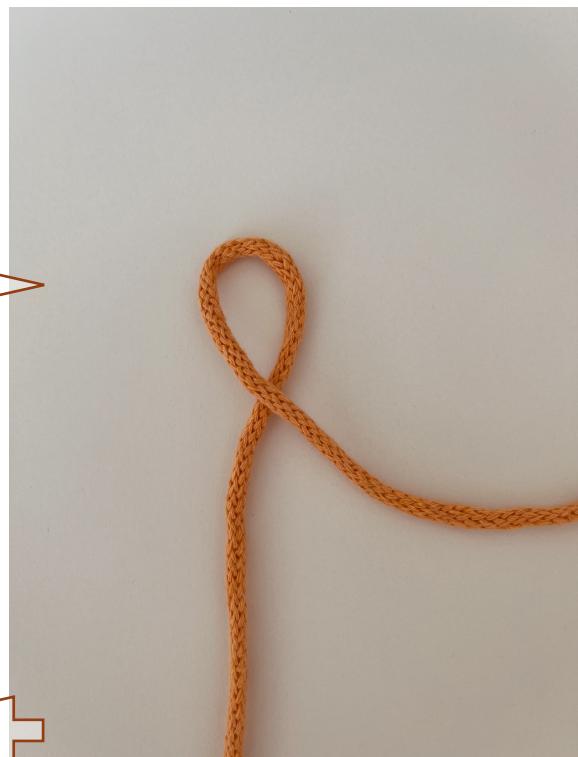

- cotton or leather cord (minimum 1 metre);
- scissors;
- pin or tape;
- our skilful hands
- and most importantly a GOOD MOOD!

**Good luck, everyone!
So we're going to start the lesson!**

Step 1

Fold the cord in half and fasten in the middle (pin, tape)

Step 2

Take the left end of the cord and place it on the right end (create a loop)

Step 3

Thread the left cord through the loop from bottom to top.

Step 4

Take the right end of the cord and thread it through the loop on the left side from bottom to top.

Important! The cords must be crossed at the end.

Step 5

Again take the cord on the left and thread it from bottom to top into the left loop, making sure the weave is even and tight.

Step 6

Again take the right cord and thread it from bottom to top into the right loop, making sure the weave is even and tight.

Step 7

Periodically repeat step 5 and 6, weave the length of the leaf.

Important! Control the quality of the weave, the tension of the cord and do not skip loops !!!!
